

# Shorya Agarwal

S t u d e n t

## ABOUT ME

As a Btech student in Electronics and Communications Engineering, I possess a strong interest in programming. My proficiency in C++, Python, and C is a testament to my passion for coding. Also, I have knowledge of VHDL and KEIL electronic languages. With my expertise in programming, I am actively seeking relevant projects to contribute to.

## EXPERTISE

- SDLC
- Programming
- Quality Assurance

## EDUCATION

TIET, Patiala  
Bachelor Degree of Electronics and Communications Engineering (2021-25)

## PROJECTS

### • FANTASY CRICKET LEAGUE

It was Implemented in C++ , which allows the user to select between two teams and player score is given by rand() function. The whole code was implemented using concepts of OOP's.

### • ROBO CAR

Designed robot car with Arduino , IR sensors, and transmitter/receiver. Learned about pcb and microcontrollers.

## SKILLS

OOP's Concept

Data Structures and Algorithms

Logical & Reasoning

Google Problem Solver
